WELCOME TO ESSENTIA...

An Address Beyond Ordinary...

Essentia is not just a plotting project, it is a carefully curated land offering designed for those who appreciate space, tranquility, and long-term value.

Set amidst the untouched beauty of Mugawade, Essentia presents premium non-agricultural plots that invite you to build your private retreat, a refined farmhouse, or simply secure a future-ready asset.

Why Mugawade?

Mugawade is a picturesque village located in the Mulshi Tehsil of Pune District, Maharashtra, India. It lies just 7 km from the subdistrict headquarters at Paud (Tehsildar Office). Spread across 460.11 hectares, Mugawade is blessed with natural beauty, flanked by hills on one side and the serene Mula River on the other.

The area is rapidly developing, with several non-agricultural (N.A.) plotting projects underway in and around the village, including Chinchchi Baug, Ohana County, and Swarnbhumi Golden Palms. Homebuyers & investors are increasingly choosing Mugawade for its open, green surroundings, peaceful atmosphere, and suitability for both first and second homes.

Despite its natural setting, Mugawade is well-connected. The Hinjewadi IT Park, a major employment hub, is just a 15–20 minute drive away. The village also lies close to the upcoming Outer Ring Road, adding to its accessibility and future growth potential. For weekend getaways, residents can easily reach popular destinations such as Mulshi Dam and Kasarsai Dam, both about an hour's drive from the village.

N.A. plotting projects in the area began around one and a half years ago, with initial prices starting at Rs 2,500 per sq. ft. Currently, prices have appreciated to around Rs 3,500 per sq. ft., reflecting the increasing demand and value of this emerging location. This is where aspirations meet authenticity.

LOCATION

Gracefully Connected, Naturally Secluded...

Located in the serene landscape of Mugawade, Essentia offers the perfect balance between accessibility and escape.
